Use questions to identify personal points of temptation and moments of decision:

- Did I invest in my limited perception of the situation rather than view it from God's perspective?
- Did I allow what others were saying about my circumstance to influence my thinking?
- Did I truly seek God's will in the matter, or did I solicit the opinion of others?
- Did I act on information God revealed to me through His Word and prayer, or did I invest in information from another source?

Practice Identifying an Undesired Outcome: *Luke 22:31, 33-34, 54-62; Proverbs 16:18*
